(PRC Docket No. CP2021-94)

Inbound Letter Post Small Packets and Bulky Letters
Rates Not of General Applicability for Mail Classification Schedule § 2340.6,
Effective January 1, 2022²

	Per Piece in USD³	Per Kilogram in USD
Inbound Letter Post Small Packets and Bulky Letters, unless exception applies⁴	\$3.271	\$4.550

² The rates in this chart are available to designated operators of member countries of the Universal Postal Union (UPU) if all conditions are satisfied as provided in the Universal Postal Convention and Convention Regulations and as further provided in the Postal Regulatory Commission's Mail Classification Schedule. These are base rates for basic services that do not include additional charges that may apply for ancillary and supplementary services, such as supplementary charges that may apply for tracking pursuant to the Convention and Convention Regulations. Rates for certain flows may also be supplemented by internal air conveyance charges, to the extent provided by the Convention and Convention Regulations.

³ Under the Universal Postal Convention, the Postal Service must submit its self-declared rates to the UPU in its local currency (i.e., in U.S. dollars (USD)); the UPU then converts the rates into Special Drawing Rights (SDR), using the average monthly exchange rate from the period of January through May of the year preceding the year in which such rates will take effect.

⁴ Exceptions to these self-declared rates may apply where terminal dues are established by the Universal Postal Convention and Convention Regulations and as applied by operation of the Convention and Convention Regulations in lieu of self-declared rates, and/or if designated operators agree upon alternative rates by bilateral or multilateral agreement.
